“The two weeks I spent at El Lago del Bosque were the best weeks of my summer. I made many new friends, had a lot of fun, and grew more comfortable with Spanish. The schedule was packed with fun activities throughout the day, so we had no time to get bored or miss home.”

“I spent my two weeks canoeing, hiking, running, dancing, and singing with people who had the same passion for Spanish that I do.”

“The next two weeks of my life were, I’d say, the greatest learning period in my life so far. I not only learned more about Spanish and the beauty of the language, I also learned about myself and returned home with the confidence of it.”
“As my passport was stamped to enter the village and the shouts of Spanish rang out around me, I truly felt as if I were entering a different country, and transitioning into a Spanish state of mind. Concordia Language Villages was an amazing experience.”

“The immersion camp was not only a cultivation between two varying cultures, it was a warm embrace of what it really means to be connected with our brothers and sisters across the world.”
